

Education and speaking

At Motorsport Consulting we value enthusiasm in the sport. Through recent years we have picked up on areas that are challenging when you start in motorsport or aspire to be in motorsport.

There are a lot of pitfalls when you start and therefore, we would like to help you to prevent issues from happening

We provide training and lectures in the following areas:

- Race Engineering: The basics
 - How to work with the driver
 - How to analyse data
- Radio Communication.
 - What to say, when, where and how
- Simulator (coaching) training
 - Best way to train as race engineer in a safe environment
 - Easy access to drivers and data
 - First-hand in vehicle adjustments

With an MSC degree in Motorsport Engineering & Management, substantial additional years of practical experience in mostly single seaters, but also GT's and sportscars, with driver and team championships to our name, we can show our pedigree in these specific skill sets.

We are able to cater educational companies as well as individuals.

Motorsport Consulting is able to provide a high quality of work at the highest possible level.
